

# TABLE OF CONTENTS

---

## **EXECUTIVE SUMMARY**

Aviation Forecasts .....	ES-2
Facility Requirements.....	ES-3
Landside Alternatives Analysis .....	ES-3
Implementation Plan .....	ES-6
Summary.....	ES-7

## **CHAPTER 1 AIRPORT INVENTORY**

History.....	1-1
Introduction .....	1-2
Airport Location.....	1-3
Existing Airport Facilities .....	1-4
Airside Facilities .....	1-5
Runways.....	1-5
Navigational Aids.....	1-6
Taxiways .....	1-7
Terminal Area Landside Facilities .....	1-8
Aircraft Parking Aprons .....	1-9
Terminal Building.....	1-9
Conventional Hangars .....	1-9
T-hangars.....	1-10
Auto Parking.....	1-11
Fuel Tanks.....	1-12
Terminal Area Businesses .....	1-12
Sunbird Air Services.....	1-12
Mac Michaels Avionics, Inc. ....	1-12
Egairo Aviation Corporation.....	1-12
Flight Basics, Inc. ....	1-12
City of Springfield .....	1-12
Utilities .....	1-12
Ohio Air National Guard .....	1-13
AirparkOhio .....	1-13
Adjacent Development.....	1-14
Airspace/Air Traffic Control Considerations .....	1-15
Inventory Summary.....	1-19

**CHAPTER 2 AVIATION FORECASTS**

Chapter Overview .....2-1

Existing Aviation Activity Indicators .....2-1

    Based Aircraft .....2-2

        General Aviation Aircraft.....2-2

        Military Aircraft.....2-2

        Fleet Mix.....2-3

    Annual Operations .....2-3

        General Aviation Operations .....2-4

        Military Operations .....2-4

Prior Forecast Methodology/Findings.....2-4

    Prior Local Forecasts .....2-5

        1992 Master Plan Update.....2-5

        1994 Part 150 Noise Compatibility Study .....2-6

    Federal and State Forecasts .....2-6

        Federal Aviation Administration Forecasts .....2-6

        1989 Ohio Aviation System Plan .....2-7

    Socioeconomic Indicators .....2-8

Forecast Update .....2-10

Based Aircraft Forecast.....2-10

    General Aviation Aircraft .....2-10

    Military Aircraft .....2-12

    Fleet Mix .....2-12

Aircraft Operations Forecast .....2-13

    General Aviation Operations .....2-13

    Military Operations .....2-14

    Local and Itinerant Operations .....2-15

Peak Operations .....2-16

    Purpose.....2-16

    Findings .....2-16

Instrument Approaches .....2-17

    Purpose.....2-17

    Findings .....2-18

Summary.....2-19

**CHAPTER 3 FACILITY REQUIREMENTS**

Users Survey .....3-1

Airport Reference Code .....3-2

    Primary Runway Airport Reference Code .....3-3

    Crosswind Runway Airport Reference Code .....3-3

Airfield Requirements.....3-4

    Airfield Capacity .....3-4

    Runways .....3-5

        Wind Coverage.....3-5

        Runway Length .....3-5

        Runway Safety Area.....3-8

    Taxiways .....3-11

        Taxiway A.....3-12

        Taxiway B.....3-13

        Taxiway C and H .....3-13

        Taxiway D.....3-13

        Taxiway E and F.....3-13

        Taxiway J .....3-14

    Navigational Aids .....3-14

        Marking and Lighting .....3-15

    Airfield Pavement Condition .....3-16

    Airfield Requirements Summary.....3-17

Landside General Aviation Requirements .....3-18

    Aircraft Hangars .....3-18

    Aircraft Parking Aprons .....3-18

    Fueling Facilities .....3-21

    Terminal Building .....3-21

        Terminal Functions.....3-21

        Maintenance Functions .....3-22

    Entrance Road and Auto Parking.....3-22

    Landside Requirements Summary .....3-23

**CHAPTER 4 ALTERNATIVES ANALYSIS**

Airport Location Alternatives .....4-1

    No Action Alternative.....4-1

    New Airport Development .....4-1

        Relocate Aviation Service to New Site .....4-2

## Master Plan Update

---

Relocate Military Operations .....	4-2
Relocate General Aviation Operations .....	4-2
Airport Location Summary .....	4-3
Airport Utility Alternatives .....	4-3
Runways .....	4-4
Taxiways .....	4-4
Navigational Aids .....	4-6
Runway 24 .....	4-6
Runway 6 .....	4-9
Runway 33 .....	4-11
Runway 15 .....	4-13
Marking and Lighting .....	4-15
Runway 6-24 .....	4-15
Runway 15-33 .....	4-15
Taxiways .....	4-16
Airport Utility Alternatives Summary .....	4-16
General Aviation Terminal Area Location Alternatives .....	4-17
Replacement OANG Airport Traffic Control Tower .....	4-17
Potential General Aviation Terminal Facilities Development Areas .....	4-19
General Aviation Terminal Area Location Viability Review .....	4-20
Expand Existing General Aviation Terminal Area .....	4-21
Share Existing General Aviation Terminal Area with OAND (Retain Terminal Building and Maintenance Hangar #2 and Relocate Other General Aviation Facilities .....	4-22
Relocate General Aviation Terminal Area South of Runway Intersection .....	4-23
Relocate General Aviation Terminal Area South of Runway 6-24 .....	4-24
General Aviation Terminal Area Location Financial Feasibility Review .....	4-25
Remain in Existing Terminal Area with Southwest Replacement ATCT .....	4-25
Share Existing General Aviation Terminal Area with OANG with North Replacement ATCT .....	4-28
Relocate General Aviation Area South of Runway 6-24 .....	4-30
Preferred General Aviation Terminal Area Location Alternative .....	4-34
Alternative Selected .....	4-34
Alternatives Rejected .....	4-35
Final Preferred ATCT Location .....	4-35
Preferred General Aviation Terminal Area Layout Alternatives .....	4-36
Apron Area Alternatives .....	4-36
Replacement Apron Between Terminal Building and Maintenance Hangar #2 .....	4-38

Replacement Apron Northwest of Terminal Building .....4-38  
Replacement Apron Between Terminal Building and Taxiway F .....4-38  
Replacement Apron Between Taxiway A and New ATCT .....4-39  
Apron Expansion Area Selected.....4-39  
Layout of General Aviation Replacement Facilities .....4-39  
    Corporate and T-Hangars Near Terminal .....4-41  
    Corporate Hangars Closest to the Terminal Building.....4-42  
    Less Corporate Hangars and More T-Hangars .....4-43  
Preferred General Aviation Replacement Facilities Layout .....4-44  
Airport Alternatives Summary .....4-46

**CHAPTER 5 DEVELOPMENT PLANS**

Airport Layout Plan .....5-1  
Environmental Overview .....5-3  
    Environmental Impact Statement .....5-5  
    Environmental Assessment.....5-5  
    Categorical Exclusions.....5-6  
Springfield-Beckley Municipal Development Program.....5-7  
    Replacement General Aviation Facilities.....5-7  
    Airfield Improvements to Increase Utility .....5-7  
    Replacement ATCT.....5-8  
Summary.....5-8

**CHAPTER 6 IMPLEMENTATION PLAN**

Short-Term Development .....6-1  
Intermediate-Term Development .....6-3  
Long-Term Development .....6-4  
Ongoing Development .....6-4  
Funding Sources .....6-4  
    Federal Funding .....6-4  
    State Funding.....6-5  
Airport Capital Improvement Program (ACIP) .....6-5  
Next Steps .....6-5
