City of Springfield Receives Results of 2015 State Audit

SPRINGFIELD, OH— (October 6, 2016)— On September 26, 2016, Auditor of State Dave Yost released the results of the City of Springfield's 2015 State Audit. The City received a “clean” audit opinion from Mr. Yost's office.

Every year, the auditor undertakes an official examination of the City's financial records to ensure that taxpayer dollars are being spent properly. The 2015 City Audit indicates that there are no deficiencies in the City's financial records. The Auditor's examination of the City's financial records also found no instances of noncompliance, internal control weaknesses or other reportable matters under Governmental Auditing Standards.

The City of Springfield is committed to responsibly spending the tax dollars it receives from its residents. Accurate financial records management is a core function of City government, and the audit results show that City officials are keeping that promise to the residents of Springfield.

“I am pleased with the results of the audit and the results reflect the commitment and hard work of the finance staff,” said City Finance Director Mark Beckdahl. “The City of Springfield is dedicated to responsible and transparent financial management. The audit results reflects those values and is proof of our efforts.”
