

Personnel Department

The City of Springfield announces an **UNCLASSIFIED** position opening for a **Network Technician** in the Information Technology Division.

SALARY RANGE: \$52,312.00 - \$66,705.60 (**Excellent benefits** - *Paid time off, Dental/Health/Life, Retirement*)

This is highly responsible technical work in the administration of network operations in the City's Information Technology Division. This position involves infrastructure support in network design, implementation, and maintenance.

This position requires an Associate's degree in computer science, information technology or related field supplemented by a minimum of two years of direct hands-on experience with Cisco switching and routing in LAN/WAN environments. CCNA preferred. Candidate should have working experience with the installation of Windows based workstations and servers and Active Directory administration. Experience with VoIP, Firewall, VPN, and Wireless technologies desired.

This position also requires attention to detail and strong interpersonal skills in establishing and maintaining effective relationships with departmental users, administrative staff and vendors. Must work well independently and in a team environment, demonstrating significant initiative and self-motivation.

Submit application for employment, resume and list of professional references **by May 24, 2019** to the Personnel Department, 76 East High Street, Springfield, Ohio, 45502 or by email to apply@springfieldohio.gov (**Emailed documents must be submitted as one PDF, not separate**) Application can be download from the City's website: springfieldohio.gov (Employment Tab). All resumes are subject to the Ohio Public Records Law.

A handwritten signature in black ink that reads "Natalie Payton".
