Commission to Vote on Next Step in Northern Heights Project

SPRINGFIELD, OH (July 16, 2019) — Springfield City Commission will vote on a measure to accept funding for the Northern Heights Water and Sewer Replacement Project at its next regular meeting July 16.

If passed, the measure would authorize acceptance of an Ohio Public Works Commission loan for \$551,000, said City Engineer Leo Shanayda.

“Acceptance of these funds will allow construction to commence on this project,” said Shanayda.

The Northern Heights Project will further facilitate water and sewer service in the area, said Springfield City Utilities Coordinator Leslie McDermott.

“We’re looking ahead to the service that we will need to provide as more development occurs,” said McDermott. “This project will provide the water and sewer infrastructure that will surely be needed as the city grows.”

Prior to the formal meeting, commissioners will hear a presentation by Rob Alexander and Rick Valentine of the Small Business Development Center.

Springfield City Commission meets at 7 p.m. Tuesday in the City Hall Forum.
