2020 Neighborhood Street Program Announced

SPRINGFIELD, OH (April 23, 2020) – Paving projects for the 2020 Neighborhood Street Program have been named, city officials announced today.

The 2020 Neighborhood Street Program will begin next month. The Neighborhood Street Program was started in 2018 as part of a commitment made to Springfield voters with the passage of a tax levy in 2017.

“Three years ago, we told the people of Springfield that part of these dollars would go toward improving their neighborhood streets, so taking up the Neighborhood Street Program again in 2020 is a must,” said Springfield City Manager Bryan Heck. “We are dedicated to the task of doing all we can to better the lives of our residents by improving neighborhoods and maintaining our infrastructure.”

Streets named in the 2020 project include:

- Bill Edwards Drive (Plum Street to Fountain Avenue)
- Broadway Street (Park Road to Bechtle Avenue)
- Euclid Avenue (Limestone to Yellow Springs streets)
- Florence Street (Main Street to Columbus Avenue)
- Fostoria Avenue (Main to Mt. Joy streets)
- Linden Avenue (Selma Road to Monroe Street)
- Maplewood Avenue (Burnett Road to end)
- Oakwood Place (Wittenberg Avenue to end)

Several streets in the Kenwood Heights neighborhood were scheduled for paving in the 2019 program, but those projects were delayed due to gas main repairs announced by Columbia Gas. The City of Springfield had hoped to include the Kenwood Heights neighborhood in the 2020 program, but the project was delayed again due to ongoing work by Columbia Gas.

For more information, and to see a map of all streets paved or planned in the Neighborhood Street Paving Program, go to springfieldohio.gov.
